

## Spelling dication game for Monday - words from last week

Please put either the original word (root) or the word with the added suffix from the spelling words last week into this paragraph. For example: "I'd like to go skiing out west sometime next year." Some words may be used more than once. One might be the original word, and the other with the suffix. For example: "I'd like to go skiing out west next year. Do you like to ski?"

Some people \_\_\_\_\_ to \_\_\_\_\_. For them it's no \_\_\_\_\_ to wander far and wide. When I am \_\_\_\_\_, I never \_\_\_\_\_ about anything. While some folks might \_\_\_\_\_ about where they have visited around the world, I prefer not to get \_\_\_\_\_ away. I would rather \_\_\_\_\_ at myself when I try to \_\_\_\_\_ or when I \_\_\_\_\_ with the dolphins. Doesn't that sound so nice? I would not \_\_\_\_\_ those experiences for anything. I just \_\_\_\_\_ to \_\_\_\_\_ the world through \_\_\_\_\_.
