To ensure that the silent auction achieves its goals, we need auction items that generate excitement, great interest and great bids. The silent auction has these simple rules:

- minimum value must be \$250 for any item submitted.
- Any item valued under \$250 will be packaged with other items.
- No items will be present at the auction. We ask that you submit a digital picture of the item to be shown at the auction. All items will be sent directly from the donor to the winner at the donor's expense.
