ADAPTIVE FORCE PERFORMING ARTS

2019 SUMMER SCHEDULE

Adaptive Force Performing Arts creates an experience that welcomes and ignites professionalism and creativity, while maintaining our highly regarded family atmosphere. **At AFPA, we're teaching the business of show to your future star!**

Adaptive Force Performing Arts is North Scottsdale's premiere studio for dance education. Conveniently located at The Summit shopping center, AFPA is an 8,200 square foot facility, comprised of four dance studios - the largest measuring 1,325 square feet! AFPA also provides a large homework/break room, complete with a full refrigerator and two microwaves.

A different kind of faculty. AFPA teaches the business of show with a professional and innovative approach. The studio and its teachers keep their fingers on the pulse of the dance & music industries, by constantly finding ways to further their own training. While there is strong focus on dance education, our faculty also makes AFPA a fun place children look forward to attending on a daily basis.

Finding your place on stage. "All the world is a stage," and it's our job to help students seize their moment. Whether it's at our end of the year recital, the AFPA Performance Company, or with the G-Force Competitive Dance Company, AFPA gives students the opportunity to excel in dance at all levels. The memories made on stage will last a lifetime!

It's how we do business. Contributing positively to our community and its families is what Adaptive Force Performing Arts is all about. Our dancers participate in many positive activities that help the communities where our families work and live through local school programs, city chambers, and various performances and functions.
