## News Release

### **Military Appreciation Day at Florissant Fossil Beds, Saturday June 30, 8:00 AM – 6:00 PM**

On Saturday June 30, Florissant Fossil Beds National Monument will be hosting a Military Appreciation Day for the military community. All US Active Duty Military and their families will receive a free pass to all national parks and monuments in the United States. Throughout the day, the Monument will be offering ranger guided programs. In addition there will be live music and a Geology Boot Camp for Kids.

National parks and the military have strong ties going back to the establishment of Yellowstone as the world's first national park in 1872. The U.S. Cavalry watched over America's national parks and did double duty, serving as the first park rangers until the National Park Service was created 44 years later.

The National Park Service preserves and shares the stories of the American military over the last three centuries. Our National Park System provides opportunities for our military community to connect to the beautiful landscapes, to enjoy recreation, to heal, and to learn about the places and history they defend.
