

MVSR COVID-19 "At-Risk" Camp Participant Statement

Your safety and the safety of all our members, volunteers, and employees is Muskingum Valley Council's top priority. While there is still much uncertainty regarding COVID 19, we are monitoring the information provided by health experts and government agencies to help keep safe those who choose to come to camp this summer.

First, our council, is coordinating with the State and with the Coshocton County Health Department to ensure we are informed of and comply with their guidance to mitigate the risks COVID-19 being contracted at camp.

Our mitigation plan includes:

- Pre-attendance education
- Health screening conducted by your unit prior to travel to our camp, including a temperature check.
- Health screening upon your arrival at camp conducted by our camp health officers, which will also include a temperature check.
- Limitations on visitors in camp.
- All visitors will be screened upon arrival before entry to camp.
- Hygiene reminders while at camp.
- Extra handwashing /sanitizer stations throughout camp.
- Additional cleaning and disinfecting of high-touch surfaces and shared program equipment.
- An emergency response plan that includes an isolation and quarantine protocol should a person at camp develop symptoms of COVID-19 or other communicable disease.
- Check-ins with each unit after the unit leaves camp to determine if any participants have developed symptoms.

These precautions are important, but these efforts cannot eliminate the potential for exposure to COVID-19 or any other illness while at camp. The fact is that someone with COVID-19 may pass the required health screenings and be allowed into camp.

We also know the very nature of camp makes social distancing difficult in many situations and impossible in others.

Information from the Centers for Disease Control and Prevention (CDC) states that older adults and people of any age who have serious underlying medical conditions are at higher risk for severe illness from COVID-19. *If you are in this group, please ensure you have approval from your health care provider prior to attending camp.*

Every staff member, volunteer, and Scouting family has to evaluate their unique circumstances and make an informed decision before attending camp. We hope this information will be helpful as you make that choice.

I acknowledge that I have read and understand the above statement.

Signature _____ Troop # _____ Date _____
(parent, if participant is under 18)

PRE-CAMP TEMPERATURE LOG

[illegible]

For one week prior to your arrival at camp, have parents monitor and record their Scout's temperature each day. Consolidate their records on this form and present it on arrival at MVS.R.
