

#CLOSErikers

The New York City Council is scheduled to vote in October on a proposal to close the jail system on Rikers Island and build borough-based jails in The Bronx, Brooklyn, Manhattan and Queens. The Justice Ministries Committee, Presbyterian congregations and individuals, have supported and participated this campaign. Two important events in this process take place next week. Attendance at these meetings will demonstrate support for the plan

The PC(USA) Presents the NYC Premiere of "Flint: The Poisoning of an American City", the most recent film from Presbyterian Disaster Assistance. "Flint" explores the critical question of how the ongoing water crisis could happen in an American city. This film intersperses interviews with area residents and experts in lead and water with testimony at congressional oversight committee hearings. With over 5,300 cities across the US in violation of federal lead rules, Flint serves as a warning for the rest of the country. This documentary educates and inspires action, seeking to radically change how we view and value water. The screening will be followed by a panel discussion with the filmmakers, Flint residents, and experts. [Get tickets now!](#)
