Dear Duncan Morrison:

Congratulations to the Manitoba Forage & Grassland Association on your successful applications to Manitoba's Conservation Trust Fund.

The Conservation Trust Fund is a permanent endowment established by the Province of Manitoba in partnership with The Winnipeg Foundation and the Manitoba Habitat Heritage Corporation. As part of Manitoba's Climate and Green Plan, the Fund supports activities that create, conserve, or enhance natural capital and sustain Manitoba unparalleled natural environment. The Fund ensures ongoing support for important conservation projects and allows Manitoba to develop long-lasting partnerships to build a legacy of work that will benefit all Manitobans today and for future generations.

Manitoba depends on organizations like Manitoba Forage & Grassland Association and the valuable work that you do to meet our vision of being Canada's cleanest, greenest, and most climate-resilient province.

Congratulations again on behalf of the Manitoba Government and best wishes for successful projects.

Sincerely,

A handwritten signature in black ink that reads "Blaine Pedersen".

Honourable Blaine Pedersen
