Summer at STC!

Make the most out of the beautiful summer weeks at STC!

We want to make it as easy as possible for parents to sign up juniors for summer programs.

To align the calendar across all departments, we have labeled each session with a week ID. We hope this will help you to navigate scheduling and identify opportunities to sign your juniors up for multiple activities in the weeks you are available.

Please refer back to this page as you navigate the remainder of activities in this booklet.

General Summer Notes

Players' Lawn

Seating on the Players' Lawn and enjoying the view of Lake Washington is a crowd favorite. We usually see the sun begin to shine more before Lawn Dining officially opens on June 15 (STCW1). Many members ask about this option on sunny days. Please note that until **June 15** there are no reservations for this area. We look forward to opening our new dining spaces for you to enjoy!

Beach Reservations

Reservations for half of the umbrellas on the beach will become available for booking as soon as June 8 for reservations beginning **June 15**. Reservations are available on GameTime up to 7 days in advance.

Docking

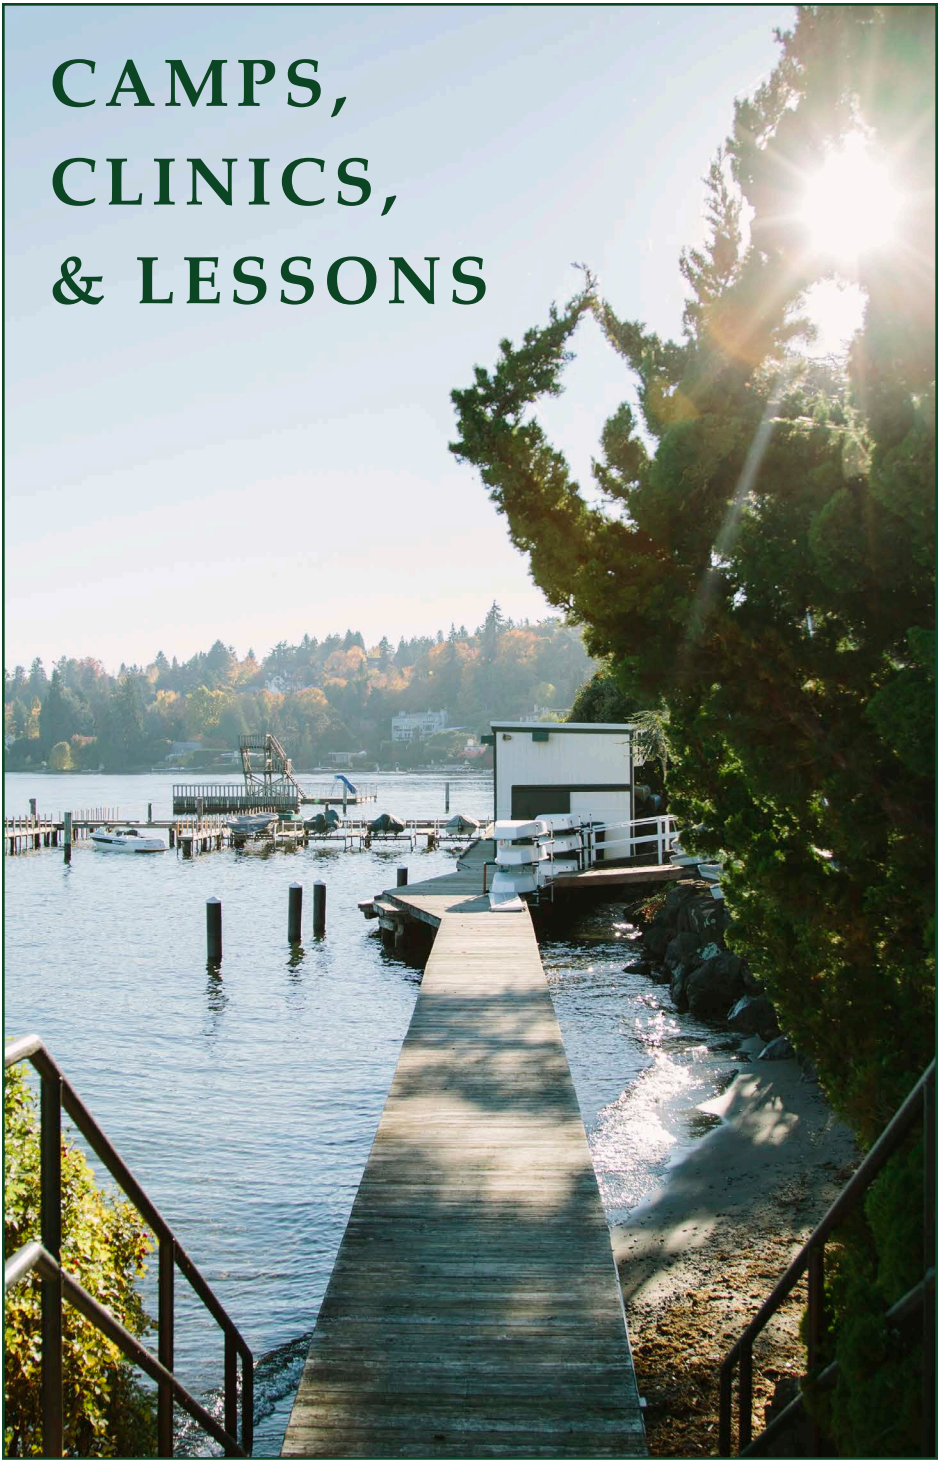

There are certain days that our dock is closed for the safety of members, boating equipment, and to protect the STC dock from damage. The STC dock will be closed on **July 4** due to the fireworks preparation and evening show. It will also be closed **Thursday, July 30 - Sunday, August 2** to prevent damage while there is a lake swell from increased boat traffic during Seafair. Need a dock pass for other days? See page 27 for more details.

Guest Wristband Days

As you plan to bring guests to the Club this summer, please note a handful of days when your guest will need a wristband and a guest pass is required for the day.

Saturday, July 4 | Wristbands required - daily guest fee charge of $25+
Friday, July 10 | Wristbands required - daily guest fee charge of $25+
July 27 - August 2 | During the Washington State Open, members may bring guests for spectating but complimentary wristbands must be worn each day provided at the Guard House check-in. Any guests unaccompanied by a member may purchase a wristband at the public check-in area.

DIRECTOR *of* JUNIOR TENNIS

Tom Plunkett

Summer at the Seattle Tennis Club is shaping up to be our best yet, and our Junior Tennis Program is leading the way with expanded offerings designed to elevate player development, build confidence, and maximize fun on the courts! This year we are thrilled to introduce an increased line up of Half Day Junior Tennis Camps, giving families more scheduling flexibility and young players more opportunities to sharpen their skills during the most active months of the year.

In addition to more camp availability, **our core Junior Program is also expanding to five days a week**. After years of operating Monday through Thursday, we're taking things up a notch and adding Fridays—giving junior athletes more continuity in instruction, more match play, and more time to grow as competitors. Whether your child is just picking up a racquet or working towards competitive tournament play, the upgraded weekly schedule allows for greater progress and more time in the thriving junior tennis community at the Seattle Tennis Club.

New This Summer Season: Junior Pickleball Camps!

For the first time ever, we are excited to offer Junior Pickleball Camps throughout the summer. Pickleball continues to climb in popularity, and these camps will introduce young players to the fundamentals of the game, from paddle skills and strategy to teamwork and sportsmanship—all in a fun and approachable format.

With enthusiastic coaching, a welcoming environment, and the stunning backdrop of summer on the lake, this season will deliver the perfect combination of learning, activity, and pure summer excitement!

Sincerely,

Tom Plunkett,
Director of Junior Tennis

12 & Under Program *(Red, Orange, & Green Ball)*

Whether your child is just starting their tennis journey or looking to sharpen their skills, our 12 and under programs offer something for everyone.

Red Ball classes are designed to introduce beginners to the fundamentals of tennis in a fun and engaging environment, focusing on basic strokes, footwork, and game understanding.

For **Orange Ball** players, our program emphasizes skill development and strategy, building upon the foundations laid in the Red Ball classes while introducing more advanced techniques and match play concepts.

Green Ball classes are geared towards players who are ready to take their game to the next level. With a focus on refining technique, enhancing athleticism, and mastering competitive strategies, our Green Ball program prepares players for success both on and off the court. We can't wait to see our young athletes thrive and grow with us!

High School Skills *(Development Group)*

For younger players who are still developing their technique, our instructors provide personalized guidance and support to ensure a strong foundation for future success. From mastering the basics to fine-tuning advanced strokes, we're here to help you build confidence and consistency in your game.

But our High School Skills Class isn't just about technique—it's also about developing the mental toughness and strategies needed to excel in competitive play. Through drills, match simulations, and tactical analysis, we empower our players to make smart decisions under pressure and adapt to any situation on the court.

High-Performance *(Elite Players)*

This is the highest level in the program. This team accepts anyone from 12–18 years of age active in match play, tournament play, and/or high school play. Strong ability, attitude, and work ethic are criteria for this group. Attention will be placed on how to develop a point strategically and mentally, refining each junior's court positioning and shot selection. Conditioning, working on footwork, explosiveness, and stamina will be integrated into this team. This is STC's most intensive junior group, and students will be asked to work hard accordingly. Participation in this team must be approved by the tennis staff.

Reminder of Tennis Dress Code

Best rule of thumb: ***If it is skin tight, it must be white!***

All players must wear clean, white clothes in good repair, and full rubber soled shoes made for tennis. **Each article of clothing, including hats, must be at least 2/3 white.** Violators of the Dress Code may be suspended.

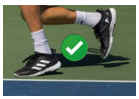

Let's make this easy! Here's a guide to our dress code from head to toe:

Hats, Headbands, Shorts, Skirts, & Socks
Each article of clothing must be 2/3 white (not the average of your attire overall). Undershorts and tights must be 2/3 white.

Shirts | All players must wear shirts. Men's and boy's shirts must have sleeves. T-shirts identified for tennis are acceptable as long as they are 2/3 white.

Shoes | Full rubber-soled shoes made for tennis - May be any color. *The courts have surfaces which suffer permanent markings when running shoes are worn; therefore, running shoes may not be worn on any of the tennis courts. Appropriate court shoes may be purchased at the Pro Shop.*

Outerwear | Colored outerwear, warm-up suits, sweaters, and vests are acceptable, as long as they are loose enough to allow for appropriate tennis attire underneath.

Playing Pickleball?

On courts 9 and 10, our dress code still applies!

Need some NEW summer outfits for the court?

Our Pro Shop has new clothing for juniors and adults! Come check out the latest brands we have in stock and get ready for summer at STC!

No Passage *on* In-Play Courts

As the outdoor courts increase in use, **please remember not to walk across the tennis courts while matches are taking place.**

This standard is in place for the safety of passers by and out of respect for players as they focus on gameplay.

Docking at the Club may be limited or unavailable during Club Events. There is no member docking permitted on July 4 and during Seafair weekend due to the rough swell conditions and to prevent potential damage to members' crafts and the STC dock. Creating Roblox games is a fun way for campers to learn and practice programming! Each camper will be able to create different custom games with Lua code, a language very similar to JavaScript and Python. With the largest user-generated online gaming platform, Roblox is the #1 gaming site for kids and teens (via comScore). Our Roblox camp is a great way to build on this interest and have kids learn to code. They can then publish their game and share it with friends on PC, Mac, iOS, Android, Amazon Devices, and Xbox One.

Member Parking Passes

Memorial Day to Labor Day

Thank you to those who registered and already have your parking sticker on your vehicle! If you already have a registered sticker on your vehicle, you do not need to do anything further – the same sticker will be used this year and years to come, so please do not remove your sticker once you register!

As we draw closer to the summer and seasonal parking lot challenges, we will be asking members who have not already registered to register their vehicles and receive a parking pass sticker for the windshield. These passes will allow the security team to identify member vehicles and divert non-members to street parking. With limited availability in the parking lot, we hope this will offer a better parking experience to members during the peak hours during the peak season.

From Memorial Day to Labor Day during the peak hours of 9:00am - 7:00pm daily the parking lot entrance will be manned by the Security Team. Members with parking passes on their vehicles will be flagged in and allowed to park.

Collect your information
Each vehicle that you choose to register will require an individual assigned sticker. Membership households may be issued up to 4 parking passes unless there is a circumstance that is approved by management after further verification.

Please prepare the following prior to visiting an in-person station:
- Bring your member card or member app
- 6-digit Unique Member Number
- Vehicle Make, Model, Color, State, & License Plate

Visit **Member & Guest Services at the Front Desk** to register your vehicle
Front Desk | Monday - Sunday | 9:00am - 5:00pm

Note to Non-Resident Members:
If you are in town and able to visit one of our stations prior to your visit, we highly encourage you to do so. A mailed option will be available to non-resident members only. Please allow 2 weeks for processing time and enough time for it to reach you through the mail.

Further Details:
Vehicles without stickers will be stopped by the guard manning the entrance of the parking lot and asked to show a valid member card or app to verify membership. Members identified will then be allowed to park briefly while they visit a registration location and will be asked to register and receive a sticker in person and put it on the vehicle before enjoying the Club.

After peak season concludes, members are encouraged to keep the stickers on their vehicles because we will be enforcing parking passes during those peak months every year.
