COLLEGE, CAREER, and LIFE READINESS: Helping Your Child Unleash Their Passion and Purpose On Their Journey

zoom meeting #886 1450 0564

Tuesday March 2, 2021
7:00 PM-8:00 PM

Presenter: Bobby Morris, Director of College and Career Readiness

We all have goals for our children, and we know they have goals for themselves. In this session, we will explore how parents and schools can partner to help our children unleash their passion and guide their purpose toward the future they want for themselves. We will discuss how we can help by guiding them through the on-ramps and off-ramps of advanced academics, career pathways, and goal setting.

Parenting Is Hard. We Can Help.
