# UNDERSTANDING THE "WHY" BEHIND YOUR CHILD'S BEHAVIOR

Promoting Positive Behavior at Home

**MARCH 25, 2021  
TUESDAY 7:00PM**

**PRESENTER: ERICA BELLE  
REGISTERED BEHAVIORAL  
TECHNICIAN FROM ADVANCED  
BEHAVIORAL HEALTH ANALYSIS**

When approaching behavior, it is imperative to recognize what the driving force of the behavior is. This involves understanding the 'function,' or the reasoning behind the occurrence and to identify how it is being reinforced. We will discuss the 4 functions of behavior: attention, sensory, escape & access. As well as the ABC's: antecedent, behavior & consequence.
