

Breeders Assistance and Breed Rescue Update Yearly Report

Charlene Campbell, Chair

We appreciate CFA's donations for emergencies and disasters. We ran a loss again this year due to smaller donations during our inflationary period that is squeezing many cat fanciers.

We are always sad when a cat fancier unexpectedly goes to hospice care or passes and we will continue to help those felines in need. We encourage everyone to have a emergency plan, we have a cattery management workbook that can be a aid for emergency planning in these situations.

We are very grateful for our CFA exhibitors and members donations helping the cats this year who were in need of food, vet care or rescue rehoming. We have given aid to over 400 cats. BRP has treated very serious feline medical issues, our rescues have pitched in helping pay for many special treatments, we had a lot of cats who never seen a veterinarian.

I encourage CFA breeders to watch for online cattery identity theft. We have "look-a-like" fake catteries steal our breeder's web photos, pose on line, and take consumer's deposits. Report any stolen pictures to the website purveyor.

A special "Thank you" for the CFA BOD's Hurricane Ian funding aid for the SWFL, Florida, and Southern Region breeders.

Many THANK YOU's to our generous CFA folks for their donations and support!! Many thanks to our wonderful rescues for their work and donations.

We had a few volunteer regional and food coordinators retire. CFA BAP-BRP sends our sincere thank you for their service and best wishes for the future. We always hope to have 2 volunteer coordinators for each region.

As of April 2023, we spent \$89,375.90 in our operations this fiscal year. We had donations of \$54,751.06, as you see we are operating at a loss (-\$34,624) this year due to the economy and inflation.

As of April 2023, We gave \$73,898.14 aid to 346 US cats taken into rescue (including breeder cat food and emergency aid distributed). We sent \$15,476.86 to 296 catteries, families including Doborkit Rescue in the Ukraine.

Networking for Ukraine disaster relief assistance, Region 9 with Director Pam DelaBar for the breeders in need, along with Olga Rakitnyh and Andrew Ustinov, Rolandus Cat Club for 296 breeders and families; and Peter Vanwonderghem with Dobrokit Rescue and Vetexpert volunteers. Thank you!!

Below is a updated list of coordinators etc.

Cyndy Byrd, CA our CFA BAP-BRP Treasurer!

THANK YOU to all our CFA BAP-BRP Volunteers!!!!

Due to the shortage of Ukraine retail cat food in the country, this aid will be ongoing for some time until the war ends and regular shipments resume.

We plan to continue to raise fund and help the Ukraine breeders feed their felines. We thank all the cat shows that set out Karen Lane's suggested Ukraine donation jars. Cyndy Byrd has Ukraine jar labels if you need them for your jar. Ukraine has disrupted commerce and our help in feeding many breeders felines and other families felines in need is appreciated. 296 households given aid on the last list from Rolandous Cat Club all through the country. Plus we are helping the vets at Doborkit Rescue feed their rescue's kitties. If you would like to be a Ukraine uplifting, encouragement email pen pal let Charlene Campbell know.

I want to encourage all breeders to get each kitten/cat they sell microchipped and a current vet health certificate. Health certificates are required with many overseas feline sales. It would help with so many issues that can arise, and protect you and your kitten.

THANK YOU again to our wonderful donors! Your donations save many felines.

Our CFA BAP-BRP team are unpaid volunteers, you make our work possible, we appreciate you!
