

Kentucky Procurement Technical Assistance Center

How can we assist your Business?

- One-on-one coaching and consultation
- Identifying opportunities unique to your business
- Marketing to the Government
- Determining eligibility for certifications
- Advice on subcontracting, contract pricing, GSA schedule, etc.

All services are free of charge.

The mission of the Kentucky Procurement Technical Assistance Center (KYPTAC) is to promote Kentucky economic development by assisting companies in the process of providing products or services to federal, state, and local government.

Funded in part by the Defense Logistics Agency and Kentucky Cabinet for Economic Development, our vision is to make KYPTAC a key player in Kentucky's strategy for economic development.

KYPTAC exists as part of a broader "funnel" of business development resources. Specifically, we work with companies selling to the government. Check out our partners and affiliated organizations for additional resources.

**Learn more at:
www.kyptac.com**

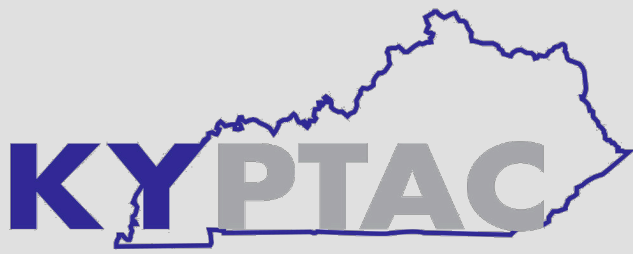

Assistance is available to help with certifications and small business programs such as SDB, WOSB, SDVOSB, HUBZone, and 8(a). PTAC specialists can help businesses determine if they are eligible for special certifications, which can create unique opportunities with agencies within the government.

Partners and Additional Resources

The **Kentucky Innovation Network** is a statewide network of business professionals and mentors working to accelerate economic outcomes for Kentucky businesses. We do this by working with companies of all stages, providing connections, coaching, and collaboration on growth strategies, and much more. In FY16 we helped create over 2000 high-wage jobs in the state of Kentucky. How can we help your company? Learn more at www.kyinnovation.com

Whether you are an existing business in Kentucky with an opportunity to expand or a company evaluating our state for a new business location, the **Cabinet for Economic Development** can serve as your single point of contact for accessing accurate, timely information on the site selection/expansion process, as well as detailed community data, financial packages, and assistance in acquiring state permits and licenses. Learn more at <http://www.thinkkentucky.com/>

The **Kentucky Small Business Development Center** provides consulting and training services that help existing business owners and potential entrepreneurs succeed. These services include: one-on-one management consultations, training workshops, market research, loan packaging help, assistance with financial projections, and more. SBDC is co-located with and works alongside Kentucky Innovation Network offices in many regions of the state. Learn more at <https://www.ksbdc.org/>

Funded by the Kentucky Cabinet for Economic Development and administered by the Kentucky Science and Technology Corporation, the **KY SBIR/STTR Matching Funds Program** provides matching funds up to \$150,000 for Phase I and up to \$500,000 for Phase II companies under the federal SBIR/STTR award for new and additional work tasks complementary to the federal award. This is an excellent tie-in for DOD companies under the KY PTAC. Learn more at <http://ksef.kstc.com/>
