Our theme this year: WE'RE TRYING!  
The Rev. Lorenzo Librija  
Keynoter and Director of TryTank

TryTank is an experimental laboratory for church growth and innovation. Since it started in 2019, it has conducted dozens of experiments. Come and hear from the founding director of the TryTank about those experiments (even the ones that failed!), what we as a church are learning, and how you too can try more in your congregation.

*"I can't imagine a more exciting time to try new things in the church...we want our experiments to tell a story and that story to be shared. Because something that may not have worked in one place, may just be perfect in another." - Lorenzo Librija*

Prior to launching TryTank, Lorenzo was the Chief Development Officer for the Episcopal Diocese of Los Angeles. He also served as the Pastor on behalf of the Bishop at St. John's Episcopal Church in San Bernardino, CA. He studied at the General Theological Seminary in New York City where he earned his Master of Divinity degree.

As always, the Winter Convocation will also feature a slate of best practice workshops and full children and youth programs. This year we are also looking forward to a volunteer Convocation Choir, led by Lori Turner from Grace Church in Mansfield.
