

## Literacy STEM Camp with Mrs. Wojciak For rising 3rd and 4th graders

Reading fluency and comprehension happens across the curriculum, including the sciences. During this Literacy STEM Camp, the students will be strengthening their literacy skills and their problem solving strategies - all while being introduced to high quality fiction and nonfiction informational books. Classes will include a hands-on component, and students will construct a new project daily.

Some of the topics we will explore include:

- Building/engineering
- Inventing
- Buoyancy/Sink or Float
- Recycling/Conservation

I look forward to helping your children read, explore, invent, build, and learn this summer.

**Teacher** - Mrs. Wojciak

**Place** - St. Dominic School Library

**Time** - 9am - 11am

**Cost** - \$170 per student

**Materials needed** - Pencil case with pencils, crayons, and scissors
