

Calling all incoming first and second graders! Come join us for an academic fun filled experience. This program will incorporate skills such as sight word recognition, phonological awareness, comprehension, fluency, basic math computation and much more. Your child will review and reinforce skills through various interactive activities and art projects. Instruction will be differentiated in a small group setting. This will promote a smooth transition into the upcoming school year while establishing new friendships. The classes will take place over a two week period with a new and exciting theme along with a craft presented each day.
