ST. PAUL'S WISHING WELL PROGRAM
November 8, 2026

The purpose of the **Wishing Well Program** is to identify items we need to purchase to help complete or improve the facilities and services provided within our congregation. We are thankful for the generous support provided by the Diocese of Virginia Dayspring Program which initially funded the restoration of our infrastructure. Now that we are a financially self-sufficient congregation, we need to provide for our operational expenses. If you have ever thought… *"Beyond the time, talent, and treasure opportunities, how else might I help St. Paul's thrive as a growing congregation?"*

Through our **Wishing Well Program,** we pair specific parish needs with generous parishioners willing to fund them. Prior to this program, donors provided funds for the purchase of several items, and we are grateful for their donations. As we move forward, the attached list of needs is for anyone in the congregation to consider funding. If you have an interest in supporting any of these items or wish to know more, please contact me or Sandy Ridout. Lastly, if after viewing the list, you have any ideas of other assets that might be added to the list, please contact us as well. Thank you for your ongoing support in making a wonderful spiritual home for us all at St. Paul's.

Yours in Christ,
Sean Rousseau +
Sandy Ridout, Wishing Well Program Coordinator
