Junior Warden's Report 2025

It has been a privilege to serve as Junior Warden this year. I thank all the Committees and Groups for their efforts. I feel that is the reason that St. Paul's is doing so well, and it is obvious that will continue.

We have had a lot of needed Buildings and Grounds projects done this year. A major project of course was the replacement of doors, windows and siding in the Rectory. However, there are many projects that were completed and paid for in 2025. We will place on our website a complete list of projects completed and paid for as well as those in process, those waiting to proceed in 2026 and those to proceed in the future.

And of course, special thanks to Sean. As our Rector, he makes sure that maintenance is done as needed and any issues that come up are dealt with immediately. To say nothing about organizing the added events such as the pizza party, wings party, sub sandwich event and our annual picnic complete with hamburgers, hot dogs, snow cones and moon bounces. However, I suspect Kerry's fine hand in helping set up those events as well as working with the adult and children's choir. Adding to that, there is of course our Music Director Geroe Fulda and his family who also do so much for our Church.

But, there is so much commitment here from so many people, so much bonding that for all of us this is a "Walk by (with) faith". 2025 was a very good year and 2026 will be even better. (think Wishing well!)

I am very proud to be a part of the St. Paul's family.

God Bless you all and God Bless St. Paul's
