**Heather Hoskins**
District 2

Heather has been utilizing CTC's services since the early 2000s.

"I have been repeatedly impressed with the reliable and ever-evolving services CTC has provided my family and me over time. After becoming a full-time remote employee this last year, as well as having a distance learner in the house, telecommuting has become second nature to us and many others alike. I realize that providing telecommunications is more important than ever in today's world as sometimes it is the only means for families, businesses, and other organizations to stay connected, and something many of us rely on day-to-day. Keeping people connected digitally will continue to grow tremendously. In consideration of CTC being a forward-thinking company, with the ability to effectively serve urban and rural communities, the idea of being part of such an organization is both exciting and humbling."

Heather is an 18-year employee of a large local business where she acts as the liaison for their third party technology vendors. She has also held roles in Sales and Customer Service. She is married to Luke, who actively serves in the MN Army National Guard. They have two children: Riley is a 2020 graduate of Pierz Healy High School who owns and operates his own rain gutter business and Lexi is currently a junior at Pierz Healy. In addition to their full-time jobs, they also operate a small beef farm, along with caring for horses that Riley and Lexi ride in rodeo competitions. Aside from watching rodeo, she also enjoys gardening, reading, camping, fishing, and spending time at their cabin on Lower South Long Lake.

She is currently a volunteer for the MN High School Rodeo Association-Region 1, serving as Treasurer and taking on various tasks involved with hosting rodeos. She is also a member of Holy Cross Church in Harding.
