## 2019 Expo Body Panel Rules

1. Right and Left side cockpit body panels may be a maximum of thirty-six (36) inches high as measured from the bottom frame tube at rear motor plate and projected rearward twenty-three (23) inches with a minimum eight (8) inches vertical opening from the afore mentioned point forward, including side visor
2. Side visors on roll cage will be limited to eight (8) inches tall.
3. Panels attached to nerf bars will not be permitted.
4. All paneling must not extend past edge of frame rails more than thickness of material.
5. One (1") inch turnout allowed on all body and sail panel edges, except sun visor.
6. The number of allowable wheels is restricted to two (2) front wheels and two (2) rear wheels on each car. Use of anything other than a wheel and tire assembly is prohibited.
7. Teams running multiple cars with identical numbers, a letter is required on each vehicle. Letters must be a minimum of 7 inches tall and must clearly accompany the car's number on the tail tank. The number on the nose piece must also have the corresponding letter. Each car letter must be of a different contrasting color. **Car number and letter combination must be legible from the Scorer's Stand.**

-Website Supersedes All Printed Material-

**!! ATTENTION !!**

**In compliance with our contract with the Tulsa Fairgrounds, all participants MUST run fuel purchased from Simons Petroleum at the event.**

This fuel, containing 10% ethanol, will improve the air quality inside the building. Fuel will be checked in staging area and any infractions will result in disqualification of car and driver. A colored dye will be added to the fuel for the purpose of enforcing the rule. There will be no exceptions and this will be monitored by the Tulsa Fairgrounds. NO outside fuel will be permitted. Any trailers found to be transporting fuel into the building will be escorted from the premises by the Tulsa Fire Marshall. **All teams must have a working Fire Extinguisher in their trailer**

We will once again make every effort to get each and every team parked inside the River Spirit Expo Center. As always, the chances of successfully accomplishing this feat are greatly enhanced with your assistance and cooperation in this matter. Teaming with others and pitting multiple cars out of one trailer is encouraged. Single-car teams will be permitted a maximum trailer length of 24 feet. Single-car teams with trailers exceeding this length will either need to team with another car or be required to unload all necessary equipment and park the trailer outside.
