

CCP- To Note in November

Before proceeding with your registration renewal, you must update your CCP learning plan by recording all your completed learning activities, evaluate their impact on your practice and submit your plan to NANB via your 'My Profile' account.

On November 30, your 2025 CCP learning plan will no longer be accessible for editing and will be used for the purpose of the NANB CCP audit.

Completion of the learning Mentoring and Supporting Learners is mandatory for registration renewal and must be completed by November 30, 2025 (prior to renewal).

For guidance on accessing the CCP components, refer to the [Guide to the Continuous Competency Program \(CCP\)](#).
