Middle School Mock Trial Program
An Innovative, Hands-On Experience in the Law

Judges needed for the Middle School Mock Trial Program in Albuquerque

The New Mexico Middle School Mock Trial Program needs judges. The program will be held November 8, 2025, and will be hosted by the Second Judicial Circuit Court and the Bernalillo Metropolitan Court.

This is the fourth year of the middle school program, and we keep growing. The students, their teacher advisors and attorney coaches spend months researching, studying and preparing a hypothetical courtroom trial involving issues that are important and interesting to young people.
