

OAWWA FRESH IDEAS

**Sponsored by the Young Professionals Committee*

Each year, undergraduate and graduate students at Ohio's Colleges and Universities submit technical papers to the OAWWA YP Committee for the chance to participate in the OAWWA Fresh Ideas Competition. This exciting program allows selected students the opportunity to present their water-related research and compete for prize money. The overall first place winner is given the chance to present their research at the American Water Works Association National Conference and Expo (ACE).

Fresh Ideas

- ☐ Creates professional and networking opportunities
- ☐ Offers students a forum to discuss important topics in the drinking water industry
- ☐ Provides a pathway for students to become OAWWA Young Professionals
