Delaware Department of Education

AI & INNOVATION EDUCATION SUMMIT

January 10th, 8am - 12:30pm at Dover High School

Empowering Educators, Elevating Learners, Shaping the Future Responsibly.

- Learn about multiple AI platforms
- Compare features, safety models, and instructional use cases
- Explore examples of responsible AI use in instruction and operations
- Talk directly with vendors, researchers, and practitioners
- Begin planning what a responsible local implementation could look like
- Help LEAs make informed decisions about what tools best support their educators and students

RSVP by 12/19 via PDMS, Course #44229
