LA Police Union Statement on the Shooting of Three LAPD Officers

Los Angeles (CA) –Last night, three LAPD officers assigned to the Metro Division were shot by a suspect. The Los Angeles Police Protective League Board of Directors issued this statement in response:

"We are thankful that our three LAPD officers shot last night are on the path to a full physical recovery. Although we believe they will recover physically, each of these officers will live with the memory of almost losing their lives at the hands of a wanted fugitive in a hail of gunfire. What occurred last night to these Metropolitan Division K9 officers happens all too often to law enforcement officers and is a stark reminder of the inherent danger every officer faces when they put on their uniform each day."

Los Angeles Police Protective League Board of Directors
