Get inspired.

Get informed.

Get Inside Education.

"Strong schools create strong communities. Inside Education Monterey County opens the doors to our classrooms, giving participants a deeper understanding of the people, innovation, and partnerships, preparing the next generation for success."

Dr. Deneen Guss
Monterey County Superintendent of Schools

More Than a School Tour

What happens inside our schools shapes the future of our community. Inside Education invites community members to gain a firsthand look at public education through a brief overview presentation and guided bus tour of local schools and programs. Meet educators, administrators, and students, experience learning in action, and gain insight into the opportunities and challenges facing today's schools. The day concludes with lunch and a discussion, offering time to reflect, ask questions, and connect with others.
