

Navigating Through COVID-19 Reducing Risk in the Workplace

(Presented in English)

As employers deal with the impact of the COVID-19 pandemic, having the proper guidance, information, and resources are vital to protecting their business and the health of their employees.

Join our Zenith team of Medical and Safety & Health experts as we discuss important COVID-19 related employee health issues and infection prevention practices.

Attendees will learn about:

- Zenith COVID-19 Resources
- Routes of transmission
- Employee health monitoring
- Employee and workplace hygiene
- Social (Physical) distancing
- Personal Protective Equipment (PPE)
- Visitors and non-employee interaction

Presenters

Dr. Jill Rosenthal, MD, MPH, MA, FACOEM
Sr. Vice President, Chief Medical Officer

Jan Rhodes, CIH, CSP
Assistant Vice President, Occupational Health

Vanessa Galvan, CSP, AFIS
Agriculture Program Safety & Health Manager

Who should attend this training?
