CALIFORNIA ASSOCIATION
of WINEGRAPE GROWERS
FOUNDATION

The California Association of Winegrape Growers Foundation (CAWG Foundation) was created to honor the hard work of the men and women who help produce the highest quality winegrapes. As a non-profit public benefit corporation the foundation was established to conduct education programs, fund scholarships and support research related to the California wine and winegrape industry. The CAWG Foundation is continuing the tradition of supporting the scholarship program with this exciting reception event.

The event will be paired with CAWG's Day in the Capitol, with the goal to bring together legislators, other political officials and CAWG members to promote the accomplishments of the foundation and to raise money for the scholarship fund. This year's event format will once again feature a VIP wine tasting competition where various political leaders will put their decision making to the test by judging a host of wines from across the state. The winning wines will be presented with an award and granted the honor of being considered the best wine as decided by California's political elite. The reception will also include a silent auction and raffle, with outstanding food, great wine and excellent company, all to support a fantastic cause.

SCHOLARSHIPS

The CAWG Foundation Wine Reception serves as the main annual fundraising event for the scholarship program. Two \$8,000 four-year scholarships to any campus in the UC or CSU system and four \$2,000 two-year scholarships for any California community college are awarded to senior high school students whose parent(s) or legal guardian(s) are employed by a winegrape grower. In addition, one Robert Miller Memorial Scholarship for high school or college students who reside on the Central Coast and who plan to major in Enology or Viticulture at Allan Hancock College or Cal Poly, San Luis Obispo is awarded.

The CAWG Foundation awards at least seven scholarships each year and has awarded \$403,000 since its inception in 1998.
