

Seeds of Care

Evanston Interreligious Sustainability Circle
Harms Woods Work Outing
Sunday, October 17
1:00 pm – 4:00 pm

*Meet at Glenview Woods parking lot
(west side of Harms Road, just south of Glenview Road)*

PLEASE PREREGISTER (see below)

This is a satisfying outing in beautiful Harms Woods, led by the very knowledgeable long-time steward, John Balaban. We will be doing restoration by removing invasive plants, with work at your own pace or by seed gathering—the activity to be determined by conditions that day. It is appropriate for all ages, including young people (should generally be at least 10 and youth must be accompanied by an adult) and senior citizens. We are limited to a group of 12. Dress for the weather and possible muddy conditions, and bring your own mask, gloves, water bottle, snack and hand sanitizer.
