

## SPONSORSHIPS

**Our food system — how food is produced and distributed — affects everyone: our health, our environment, our communities, and our economy.**

Sponsorship dollars are used to help pay stipends for farmers, producers, and entrepreneurs to participate in Farm to Plate meetings and events, and make sure their voices are heard in the work taking place in Vermont to implement Vermont's Farm to Plate Food System Plan. Funds are also used to incorporate user feedback and new features on the Farm to Plate website ([www.VTFarmtoPlate.com](http://www.VTFarmtoPlate.com)) which supports and brings attention to the organizations, farms, businesses, and projects that are working together to strengthen Vermont's food system.
