

## Action Alert

### Help to Grow the Congressional Caucus on Hellenic Issues.

#### BACKGROUND

Established in 1995, the Congressional Caucus on Hellenic Issues is a bipartisan group of concerned Members of Congress working to foster and strengthen relations between the United States and our important allies, Greece and Cyprus. The Caucus brings congressional attention to key diplomatic, military, and human rights issues in an ever-increasingly critical part of the world—the Eastern Mediterranean. The Hellenic Caucus also provides frequent updates about these issue areas from foreign ministry officials. In addition, members of the Caucus promote legislation and distribute information to those interested about U.S. policy toward the eastern Mediterranean. For example, the Caucus has been responsible for sponsoring legislation related to the reunification of Cyprus, the return of the Parthenon Marbles, and the reopening of the Orthodox Theological School of Halki in Turkey, among others. Without the Hellenic Caucus, AHEPA and the American Hellenic community would not have been able to attain a great policy achievement, Greece's entry into the United States' Visa Waiver Program (VWP) in 2010.

Last Congress, 137 Members joined the Caucus and participated in various Hellenic Caucus events, including member meetings with heads of state, and educational briefings on Greek and Cypriot economic and energy sectors. In the 111<sup>th</sup> Congress, a record 163 members were in the Hellenic Caucus. We must work to grow the caucus's membership back to this record number.

#### STATUS

In the 115<sup>th</sup> Congress, there are 126 members of the House of Representatives who are members of the Hellenic Caucus.

Hon. \_\_\_\_\_  
United States House of Representatives  
Washington, DC 20515

Dear Representative \_\_\_\_\_:

I am writing as a constituent and on behalf of the American Hellenic Educational Progressive Association (Order of AHEPA), the leading association for the nation's millions of American citizens of Greek heritage and Philhellenes, to invite you to join the Congressional Caucus on Hellenic Issues.

Established in 1995, the Congressional Caucus on Hellenic Issues is a bipartisan group of concerned members of Congress working to foster and improve relations between the United States and our important allies, Greece and Cyprus. The Caucus brings congressional attention to key diplomatic, military, and human rights issues in a critical part of the world. Last Congress, 137 U.S. representatives joined the Caucus and participated in various Hellenic Caucus events, including member meetings with heads of state, and educational briefings on Greek and Cypriot economic and energy sectors. The Hellenic Caucus also provides frequent updates from foreign ministry officials on the state of Cypriot reunification negotiations, as well as a focus on religious freedom issues of the Ecumenical Patriarchate—the world's oldest Christian Church.

Your membership in the Congressional Caucus on Hellenic Issues will signal to the Greek American community your commitment to a strong and viable U.S. relationship with Greece and a firm interest in issues of concern to the Greek American community. In addition, through AHEPA family chapters, the Greek American community of **[Insert City, County or Town]** works to strengthen the community at-large. **[Cite a few local examples: AHEPA Housing, Meals on Wheels, Donations to First-responders, Veterans, etc.]**

For more information on the Congressional Caucus on Hellenic Issues, please contact Co-Chairs Representatives Gus Bilirakis or Carolyn Maloney.

Thank you for your consideration of our request. We anticipate a favorable reply.
