In a letter to Secretary of State Pompeo AHEPA Supreme President wrote:

*The American Hellenic community continues to be alarmed about Turkey's provocative behavior that challenges American security interests and threatens NATO allies and strategic partners of the United States in the Eastern Mediterranean and Middle East.*

- *We urge the Administration to condemn Turkey for its actions in the Aegean that violate international norms.*

- *The United States must impose sanctions on Turkey. Secretary Pompeo, we ask you to utilize your authority, as delegated to you by President Donald Trump by Executive Order 13849 on September 21, 2018, to work in consultation with Treasury Secretary Steven Mnuchin, to impose sanctions on Turkish entities pursuant to Section 231 of CAATSA, for their acquisition of Russian-made S-400 missiles, as the United States rightfully imposed on Chinese entities in 2018.*

All of us and our friends need to be prepared to act! Turkey turned Hagia Sophia into a mosque, as Turkey continues its campaign to violate the sovereignty of Greece and Cyprus. The tyrant fascist dictator in Turkey has gone over the edge, AHEPA will fight these despicable actions.

**We are pushing for the Boycott Turkey and Sanction Turkey campaigns.**
