

## **State nonprofit organizations provide valuable resources**

State associations of nonprofits across our nationwide network have been exchanging information they're discovering about the fast-moving novel disease. After curating the best information about appropriate actions, they're each tailoring the information and ideas specifically for nonprofits in their states, including information from their own state and local health officials when possible. To illustrate, here's just a sampling of materials prepared by state associations of nonprofits

in [Alaska](#), [Colorado](#), [Delaware](#), [Florida](#), [Idaho](#), [Kentucky](#), [Maine](#), [Maryland](#), [Massachusetts](#), [Minnesota](#), [Montana](#), [New Jersey](#), [New Mexico](#), [New York City](#), [North Carolina](#), [Oregon](#), [Vermont](#), and [Washington State](#).
