A2 ■ PARTNERING WITH A UNIVERSITY COUNSELING CENTER TO OFFER EFPDE

In an effort to address the rising challenge of increasing mental health needs among students in higher education, the North Dakota State University Equine Science Program and Counseling Center partnered in the fall of 2017 to pilot an EAGALA-model equine-facilitated psychotherapy group for college-aged women presenting with anxiety and depression. The group met for one and a half hours each week for eight weeks. The Self-Compassion Scale and Depression Anxiety Stress Scales were administered to students before and after the eight-week sessions. This session will discuss weekly session goals and activities, as well as assessment results.

B1 ■ EQUINE-ASSISTED LEARNING PROGRAM DEVELOPMENT DE

Region 6 PATH Intl. CONFERENCE

different populations? If so, this hands-on, interactive session is for you! You will have the opportunity to observe or participate in an EAL session, discuss potential issues that may arise and develop creative solutions.

Erika Berg oversees a minor in equine-assisted activities and therapies at a land-grant institution and is program director for the community EAAT program that offers adapted therapeutic riding and hippotherapy services. Erika is a PATH Intl. Certified Advanced Instructor, Equine Specialist in Mental Health and Learning and associate riding instructor evaluator. Marsha Anderson is founder and executive director of an EAAT program that offers adapted therapeutic riding as well as equine-assisted learning and team building services. Marsha is a PATH Intl. Certified Advanced Instructor, ESMHL, lead riding instructor evaluator and lead site visitor.

B2 ■ HOW TO RUN YOUR CENTER LIKE A BUSINESS AND STILL KEEP THE HEART CE

Do you think of the service you provide as a business or is it a service fueled by passion and giving back to the community? Fortunately, these descriptions are not mutually exclusive. Most of us join this field because of our passion for equine-assisted activities and therapies. In researching the challenge of sustainability for centers, one of the top issues consistently raised was business knowledge. In order to be sustainable, it is important to not only follow the passion and mission, but approach service delivery from a business perspective. Join PATH Intl. CEO Kathy Alm as she explores the steps to running your center in a sustainable manner while remaining focused on mission delivery and the “heart” of your organization.

Kathy Alm began her service as chief executive officer of the Professional Association of Therapeutic Horsemanship International (PATH Intl.) in August 2014. For the previous 15 years she served as executive director of Little Bit Therapeutic Riding Center, a PATH Intl. PAC in Woodinville, WA. She grew the previously grassroots organization from a \$280,000 annual operating budget to a professional \$2.1 million organization. Kathy served as PATH Intl. board president in the 2010-2012 term, first joining the board of trustees in 2005. She has facilitated numerous workshops and presentations on board, staff, fundraising and strategic planning and enjoys the opportunity to share her experience as well as learn from others. Her dedication to the field of equine-assisted activities and therapies spans more than 17 years with a passion that was ignited the moment she walked through the door at her first therapeutic riding center.

Deborah Manasco is a lifelong equine enthusiast. She has competed, coached, judged and taught horsemanship in various settings for more than 40 years.
