Learn how to find and correct the horses' problem

Dr. Bill Hampton D.C. first practiced human chiropractic in California before becoming a certified quadruped adjuster. He was the co-instructor for the west coast division of Animal Chiropractic Seminars conducted by Dr. Daniel Kamen, D.C.

Dr. Bill Hampton currently conducts equine and canine seminars worldwide. This is a great opportunity to attend his seminar in Wyoming. The course is designed to compliment and enhance the knowledge of animal practitioners and students. **This is not a certification course.**
