I have been a member of HXPCS since Fall 2017. I have two sons attending 4th grade and Kindergarten at HXPCS in the 2019-2020 school year. Being at HXPCS for the past 3 years, the 4th grader enjoyed not only the Chinese education, but also the opportunity to experience traditional martial arts. All these embrace the Chinese culture beyond language learning. This encourages me to step up to run for the open board member position, so I can contribute my efforts to the HXPCS community.

I started serving as a HXPCS board member in the 2019-2020 school year. I worked with Mrs. Chen, Dongqing and other board members on Chinese classes and activities including Chinese Spring Festival Gala!

With 10+ years' working experience, I learned to work with people with different backgrounds and/or opinions, to listen to different voices, and to proceed with consensus. Being passionate about Chinese dance and community services, I also volunteered in multiple local senior centers. I hope to have the opportunity to work with all HXPCS members to give our kids the best learning experience in Chinese and its culture!
