

SUMMER FIELD STUDY 2020

An Education Unlike Any Other!

Summer Field Study is a program offered to BCHS, Roncalli, and Cardinal Ritter juniors and seniors. The program is one part academics, one part adventure, and one part retreat. Students hike, climb, camp, cook, swim, raft, backpack, play, and pray in a uniquely challenging program that teaches students to respect themselves, to become leaders, and to work to achieve their dreams. Most importantly, students learn to read from the Book of Creation that God has given us to make known His grandeur, wisdom, and love for each of us. Over 3,000 students have participated over the past 38 years.

Destinations for 2020

Rocky Mountain National Park - Situated in the heart of the Colorado Rockies, this spectacular park is home to one of the most magnificent alpine settings in the world. Students will explore both the spectacular views from the summits and the enormous variety of wildlife preserved in the park's forested slopes, waterfalls, and snowfields.

San Juan National Forest - Located in Southwestern Colorado, this spectacular snow-packed mountain range is home to an abundance of wildlife, majestic waterfalls, and glaciated peaks. At the heart of the area is Mount Wilson. At 14,246 feet, it stands as the highest peak in the San Miguel Range.

Dates - June 8 - June 21, 2020
