

*This is not a gala.*  
It's an invitation into *our home*.  
It's an opportunity to *design dignity*.

**Friday, June 5<sup>th</sup>, 3pm-6pm**  
**1133 Pendleton Street**  
**Greenville, SC 29601**

Dear Opportunity Creator,

Every young person who walks through our doors is carrying something unseen. Uncertainty, transition, or the weight of figuring life out too soon.

At Pendleton Place, we don't just offer shelter. We create spaces where young people can exhale, rebuild, and begin again— a home.

Open House, Open Hearts is an **invitation** to step inside our work. To see it. To feel it. To be part of it. To understand the lives of teens and emerging adults navigating instability to create the lives they

- Walk through our spaces
- See how dignity is to be designed into every detail
- Discover tangible ways to support our home

Please join us on **June 5th** as we open our doors and reimagine what our home can look like.

We look forward to sharing our vision and the ways you can invest in strengthening the foundation of Pendleton Place and our young people.

With resolve and gratitude,

A handwritten signature in black ink that reads "Stacy Hyde".

Invest in the spaces where  
stability begins.

*Open the door with us*

---

Why sponsor a table or a golf hole when you can create home?

We're inviting you to invest in:

## **Community Builder Investment Opportunities**

### **\$50,000 – Sponsor a New Beginning**

*Transform an empty space into the Riley House – creating more room for young people to find safety, rebuild, and move forward.*

### **\$25,000 – Space Where Community Lives**

*Transform the shared spaces where young people gather, connect, and rebuild – because belonging is built in the moments we share.*

### **\$10,000 – A Room That Changes Everything**

*Reimagine a bedroom into a place of safety, dignity, and calm where a young person realizes their past does not define their future.*

### **\$6,000 – 30 Days of Stability**

*Provide a full month of safe housing, support, and daily care – giving a young person the time and consistency needed to begin building trust, routines, and a path forward.*

### **\$1,975 – Honoring Our Foundation**

*Recognize the year Pendleton Place began by investing in the foundation young people need today – safety, support, and spaces where they can begin again.*

### **\$600 – First Nights, Fresh Starts**

*Give a young person their first two nights in a safe space, along with the items that help it feel like their own. These first moments are where fear begins to settle, trust begins to build, and the path forward begins.*

*Invest in the spaces where  
stability begins.*

*When you open a door*

---

### **Your Partnership Includes**

Every Room Investor receives a “We Believe in You” plaque placed in the space you help make possible.

Your message becomes part of the environment where young people rebuild confidence and discover their strength.

### **You will also receive:**

- Naming opportunities connected to spaces or improvements (based on giving level)
- Recognition on Pendleton Place website and social media (as desired)
- Opportunity to be featured in a Community Partnership Story highlighting why you chose to invest in young people
- Connection to a visible example of how community lifts young people toward independence

### **And most importantly**

The knowledge that a young person will walk past your message and be reminded that someone believes in them.

Because when young people see that someone believes in them, they begin to believe in themselves.

And that’s where everything changes.

**Let’s open the door together.**
