

## PRIDE Month Webinar Series:

# Walking with Tribal Youth on Their Sacred Journey

In recognition of Pride Month, the Center of Excellence on LGBTQ+ Behavioral Health Equity and the National American Indian and Alaska Native MHTTC are hosting a four-part webinar series on supporting Native LGBTQ+ and Two-Spirit youth! Join us every week in June to learn about the historical context of colonization that impacts Native youth, discover what tools and resources are available, gain strategies for supporting youth and their families, and engage with a lived experience panel and talking circle.

**Attendees are encouraged to attend all four sessions to embark upon this journey of learning together.**

### Embarking on a Journey: Where Have We Been?

Monday, June 5, 1-3 p.m. ET

### Understanding How to Support Tribal Youth
