

Using Technology to Design Effective Adult Learning

Explore how to **build** and **facilitate** effective **digital learning** experiences for adult students and staff.

Project-Based Learning

Peer Showcases

Edtech Coaching

Flexible Pacing

Class Meetups

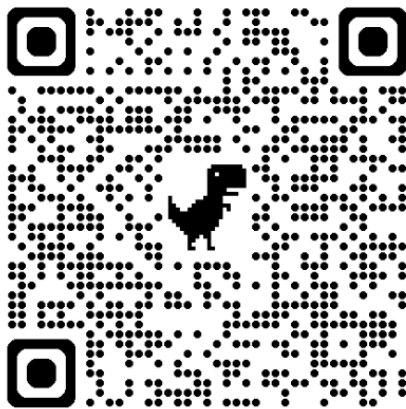

Curated Resources

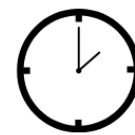

A **10-week professional learning cohort** for adult education staff **applying Digital Learning Guidance concepts** to improve **instruction, workflows, and/or program resources**.

Participants choose a digital learning project from their own work and use the course to build, test, and improve it over time.
