# USCIS Webinar for Adult Schools

09/25/24

10:00 AM PST

On June 18, 2024, the Department of Homeland Security (DHS) announced a key step toward fulfilling President Biden's commitment to promoting family unity in the immigration system. DHS will establish a new process to consider, on a case-by-case basis, requests for certain noncitizen spouses of U.S. citizens who have been continuously physically present without admission or parole in the United States for 10 years or more; have no disqualifying criminal convictions; do not pose a threat to national security and public safety and pass vetting; are otherwise eligible to apply for adjustment of status; and merit a favorable exercise of discretion. Please join USCIS as we share information.

Please review these instructions carefully to ensure that you have a smooth process in accessing the Webex presentation. We encourage participants to join 10 minutes before start time. Registration is required.
