Julie's Mission:

Julie's Family Learning Program is a welcoming, inclusive space that provides free supportive programs and educational services to help develop strong, successful families and adults. Since 1974, Julie's has been dedicated to empowering mothers to recognize their strengths and utilize their know-how to stabilize and transform their family life.

In 2019, Julie's expanded its mission to all underserved learners, 16 years and older, who seek flexible opportunities to attain the educational credentials and workplace skills crucial to meeting their life goals.
