

Paper Plate DIY Derby Hat

SUPPLIES:

1. Paper plates or bowls (solid white and sturdy)
2. Ribbon, flowers, feathers, rhinestones, etc
3. Hot Glue Gun
4. Scissors

STEP ONE

Poke holes (carefully) using your scissors evenly at both sides of your plate. This is where you will string your ribbon through, eventually, that will hold the hat in place on top of your head.

STEP TWO

Using your hot glue gun, attach ribbon around the perimeter of the plate. Once you have completed this step, you can decorate your "hat" any way you would like. Attach a flower or two, add feathers or really anything your heart

STEP THREE

Once you are happy with your design and all of your glue is dry, cut a long piece of matching ribbon. Take the end of the ribbon and string it through the top of one of the holes you created in step one and through the bottom of the other hole. Pull the ribbon through so that you have an even amount of excess on both sides. Approximately 10 inches.

STEP FOUR

Place the hat on your head (I like how it looks if its tilted to one side) and tie underneath your chin. Now, you are Derby party ready!
