

## **Northwood needs volunteers for in-person worship services**

Northwood is taking a cautious, safety-first approach to the pandemic. The number of coronavirus cases is still high; but we are planning for the day when we can more safely return to in-person worship together. When that time comes, we will need extra volunteers. Please let Northwood know if you are willing to volunteer by:

- Serving as an usher
- Helping with contact tracing
- Sanitizing the sanctuary for worship
- Serving as a greeter

If you can serve in any of these roles, please contact the church at [communications@northwoodpc.org](mailto:communications@northwoodpc.org) or (727) 796-8090. Thank you as we all pray for an end to the pandemic!

## **Do you have medical training? Northwood would like to hear from you**

Northwood Presbyterian Church is committed to following CDC guidelines and sound medical principles as we plan for the time that we can resume in-person worship services with less risk of transmitting the virus. We believe the physicians, nurses and others in our congregation with medical training can be an important resource in this process. If you are a member of the Northwood family and have medical training, please contact the church at [communicatons@northwoodpc.org](mailto:communicatons@northwoodpc.org) or (727) 796-8090. A Commission of Northwood members is currently studying the safest ways of resuming in-person worship. We'd like to be able to contact you for your expertise.
