March 10, 2023

Dear Broadway Friends,

Making a decision like the one I have made to resign my position as Director of Community Engagement, effective March 24th, is never done without much thought and prayer. After all, this work is not just a typical job, this is ministry.. essentially a calling on my life. I take this calling seriously and I also listen when my spirit prompts me that a season is up. Sometimes that prompt comes sooner than I anticipate, but I don't question it because the "God prompts" have held me, carried me and never failed me yet.

Thank you to all the people who welcomed me into this fold, who sat with their feet under the same table and who dared to say "Amen" or talk back to me during my times in the pulpit. I will always carry with me how you cared for and supported me through the death of my grandmothers when I was new to this congregation. You are appreciated and my time at Broadway will be remembered as a time of learning, and growth. I appreciate every step of the journey!

Keeping it 💯

Adonica Coleman
