# Winter Solstice A Celebration of Light

Sunday, December 20, 7 - 8 pm

In the dark of this winter season with disease, poverty, unemployment, unrest and uncertainty surrounding us let us remember that light, warmth, community, love, and good will are present too. Together, as many traditions celebrate LIGHT e.g. Diwali, Kwanzaa, Hanukkah, Yule, Christmas, we will gather to mark the first slow turning of our planet toward greater daylight, filling us with hope for the coming year and the return of Spring.

**Outdoor ritual** with music, fire, blessings, reflections - Gather inside the gate entrance near the Peace Pole.

There will be no indoor party or communal labyrinth walk this year due to health and safety requirements. However, if the labyrinth conditions are safe, you are welcome to pray/walk the labyrinth before or after the ritual.

Bring a source of light - preferably a lantern or candle (battery or flame). If not, a flashlight or phone will do.

Attention: No washroom facilities  
No registration necessary.

**Loretto Maryholme Spirituality Centre**

379A Bouchier Street, Keswick, Ontario Canada L4P 3C8
