

Department of Homeland Security Active Shooter Preparedness Workshop

08/27/2019

Church of the Redeemer
4815-200 Executive Park Court
Jacksonville, FL 32216

Preparing employees for a potential active shooter incident is an integral component of an organization's incident response planning. Because active shooter incidents are unpredictable and evolve quickly, preparing for and knowing what to do in an active shooter situation can be the difference between life and death. Every second counts.

Unique Training Opportunity

The Church of the Redeemer and the Cybersecurity and Infrastructure Security Agency within the U.S. Department of Homeland Security are hosting a one-day workshop to enhance preparedness against active shooter incidents through:

- Developing an Emergency Action Plan with guidance from expert instructors
- Identifying strengths, weaknesses, and gaps in physical security and planning considerations via break-out sessions
- Learning how to prevent active shooter incidents by recognizing behavioral indicators on the pathway to violence
- Understanding the history of significant active shooter incidents through survivor stories and expert perspectives

Enhancing Emergency Planning

The workshop will describe how to incorporate key elements of successful incident management into planning efforts, such as:

- Developing communication and incident plans for employees
- Building relationships with local first responders
- Coordinating with first responders before, during, and after an incident
- Integrating public affairs into incident management

Active Shooter

Consequences from an Active Shooter incident can be fatal. Protect yourself by creating an emergency action plan by incorporating three basic response options:

“Run, Hide, Fight

Did You Know?

Active Shooter situations are often over within three minutes, before first responders can arrive on the scene.
