

WE NEED VOLUNTEERS!

DIOCESE OF EAST CAROLINA ATTORNEYS NETWORK

In consultation with Bishop Skirving, our Chancellor, Joan Geiszler-Ludlum would like to develop an Attorneys Network to support the growing and evolving mission and ministry of the Diocese. Over the years, a number of Episcopal attorneys have responded readily to calls and offered their assistance when issues have arisen. Rather than continuing to be reactive in the face of crises, the hope is that by establishing a network of attorneys in East Carolina, this will allow us to be proactive, have legal resources identified, and ready to serve in times of need.

Below please share this flyer with attorneys in your parish. If interested, attorneys should use the link below to submit information about their interest in this work along with data on their experience and practice areas. Participation is voluntary (pro bono) unless retained by the Diocese or a parish.
