COTTAGE FOOD LISTENING SESSION

OCTOBER 16, 2025 - 6:00 PM

A listening session (you talk, we listen) about the forthcoming "new" rules for cottage food & cosmetics, craft food, mobile meat processing, and farm-to-fork businesses.

For current or prospective small business owners of:

- cottage food
- cosmetics and craft food operations
- farmers interested in farm-to-fork agritourism events
- mobile and on-farm meat processors

With the passage of AB 352 and SB 466 during the 2025 Legislature, regulations are changing for Nevada's small craft, cottage, and farm businesses. As the Nevada Department of Agriculture moves forward with updates to Nevada's Administrative Code, WE WANT TO HEAR FROM YOU!
