

13344 US Highway 6  
Geneseo, IL 61254

March 30, 2020

Dear Valued Customer,

As you may be aware as of Friday, March 27<sup>th</sup> Minnesota, Wisconsin, and Illinois are now all under "Stay at Home" orders.

Wyffels Hybrids is considered an essential business and we have a responsibility to continue operations. We take our commitment to you, our customer, seriously and are confident we will deliver Wyffels Hybrids seed corn on schedule and without disruption to planting.

We fully intend to see the 2020 growing season through with the same level of customer support and satisfaction we are known for year in and year out. We all must adjust and adapt to CDC's guidelines that keep our families, friends and neighbors safe and healthy, while preparing for the fast approaching planting season.

Please know that your Wyffels Seed Representative is still available for you. Following the CDC's recommendation, we ask that any necessary in-person meeting be conducted away from confined spaces, such as a farm office or truck cab, and individuals should maintain the 6-foot social distancing recommendation. We've also asked that all District Sales Managers and Seed Representatives not enter customer homes at this time. All on-farm meetings will be confirmed prior to our presence to ensure your contact comfort level. We are happy to work with you to make arrangements for seed delivery without direct contact.

Again, our priority is keeping you and your families safe, as well as our team members. As always, your Wyffels Seed Representative is available via phone, text or email.

As we look forward, it is difficult to know exactly what we are facing. Our commitment to our customers, employees, seed representatives and their families is to do everything in our power to keep people safe, while delivering on our promise to provide high-quality seed corn to our customers.

We will continue to keep you informed of further relevant changes that may come in the days or weeks ahead. In the meantime, we welcome any questions you may have, so please feel free to reach out to me directly, or your local Wyffels Hybrids seed representative.

Thank you for your business and your trust in us.

Sincerely,

John Wyffels, President
