

# WHO IS GENERATE HOPE?

Generate Hope is a safe place for survivors of sex trafficking to heal and find restoration in long-term housing and trauma-informed therapy, education, and vocational support. Since recovery from sexual exploitation is a long-term process, GenerateHope provides safety, community, and individualized life skills support to work through the deep trauma and discover a healthy, purpose-filled life.

We serve sex trafficking victims by offering a **real way out**. We are a faith-based organization providing long-term, comprehensive programs to women who have been sexually trafficked, so that they are able to reintegrate into society and walk powerfully into their futures.

We approach the restoration of the survivors of sex trafficking with a long-term, individualized care strategy. We recognize the specific journey and needs of each survivor. Our team works with her to create a plan that will help her discover and achieve her God-given dreams and goals. Generate Hope acknowledges that the healing process takes time and is committed to the long-term care for each woman on this journey.
